Atomic Bombs Not Proposed For Blockade of Berlin

Fewer Jobs On Farms This Year

Canadianization Cited;

All-Canada Totals

At New High

OTTAWA, Oct. 25.—Continued rapid mechanization of western agriculture was eating small holes in prairie farm employment, the Dominion Bureau of Statistics today reported.

The bureau keeps no separate records for Alberta, but in the survey lumps the province with Saskatchewan and Manitoba under the general heading of "Prairie".

At mid-August, farm employment in all of Canada was down 50,000 from last year and 70,000 for the same month of 1947.

The drop for the prairie between 1947 and 1948 was about 12,000, from around 510,000 to 390,000.

PRODUCTION WELL UP There was little to cause concern, believed a bureau official, since the loss in farm employment was due to greater mechanization. The small drop in employment was not reflected in either farm production or income, which are still flying high.

Woman Dies Beneath Auto

A 67-year-old Willingdon woman died early Sunday after being run over by an auto while she was walking on the highway half a mile south of Willingdon.

Willingdon is about 70 miles northeast of Edmonton.

Dead is Mary Popow, 67, fatally injured when an auto, allegedly driven by Dan Kurzyk of Willingdon, struck her as she was driving down the highway.

Popow is thought to have fallen under the car after the driver failed in an attempt to swerve to avoid her, and the wheels of the car are believed to have passed over her.

Investigation of the accident is being conducted by RCMP and William Mosley, Willingdon constable. No charges have been laid.

3 Taber Men Are Drowned

TABER, Alta., Oct. 25.—(CP)—Three men were drowned in a tractor-trailer accident on a highway near Taber Saturday.

Dead are Allan Merida Jensen, 35, who was on the way to hospital here; Parley Bynum, 26, and John Walter, 24. Bodies of Bynum and Myre were recovered today.

The three, accompanied by Burdett Hill, also of Taber, were near the middle of the lake when the tractor-trailer overturned.

Jensen was taken from the lake but died before he reached hospital.

He was well of civilian population to continue a war.

LOTS OF ACTION IN GENEVA

Rodeo of 'Savage West' Lives Up to Its Name

GENEVA, Switzerland, Oct. 25.—(AP)—A rodeo company that the "Savage West" put on a combination rodeo and riot last night at the Palais des Expositions, together with the people who produced it, were in a state of confusion.

After investigation, the whole thing was called off. Police required each member of the show to sign a statement saying he had "gravely abused the hospitality granted him by our country by taking part in the riot which occurred at Geneva, Oct. 24, 1948."

PERREAULT REWARD DISPOSAL DELAYED

MONTREAL, Oct. 25.—(CP)—Montreal police said today that no announcement about the \$2,500 reward for the capture of Donald and Douglas Perreault will be made until at least a month after the murder charges against them are disposed of.

The two were captured at Taber, Alta., and returned to Montreal to face charges of slaying two women constables during an east-end bank holdup Sept. 29.

Reward includes \$2,000 offered by the Montreal police department plus \$500 offered by the Canadian Brotherhood of Policemen.

French Coal Pits Seized by Troops

PARIS, Oct. 25.—(BUP)—Thirty thousand troops and security guards in full battle kit swept through 300 square miles of northern France today and seized the nation's richest coal mines from Communist-led strikers.

The government moved swiftly toward a showdown with the 350,000 striking coal miners and sympathy strikers who had brought France close to economic paralysis.

The seizure of the mines, starting with the vast evolving sweep through the northern fields, was aimed at saving them from a threat of ruin for lack of maintenance.

Interior Minister Jules Moch announced that the government forces had carried out the sweep over an area 30 miles by 10, extending from the Douai-Lille road to the Belgian border.

Most announced that all objectives had been reached.

For the first great show of force against the strikers, Moch said, the government mobilized 30,000 troops.

Some 150 members of the Winnipeg Grenadiers were sent to Ottawa Sunday for the war. The judge imposing sentence recalled that treason has always been the most heinous crime.

"A murderer violates a few," he said. "A traitor violates all. His life, if spared, would not be worth living."

PEARSON TO PARIS

TROOPS MOVED IN

Troops have been moving into the northern coal basin, which produces two-thirds of France's coal, and into the central mining basin around St. Etienne for the past week for a showdown with the strikers.

Government officials said the use of troops was not to break the strike but to prevent mines from being closed by the strikers' action.

A withdrawing punishment. No troops were used in the northern fields for a week.

free-for-all. Somewhere in the mine a cowgirl was bashed on the head with a club.

The cowboys demanded "a trial" and the husband of the victim—all according to every day custom of the "Savage West." The day didn't come off.

Police after losing various rounds of their uniforms and suffering some punches, finally won out.

Some of the cowboys were taken to jail for questioning and cancelled the final performance of the show, scheduled for tonight.

Council Action Is Vetoed by Vishinsky

PARIS, Oct. 25.—(CP)—Russia vetoed tonight the small-power proposal for a compromise ending the Berlin deadlock.

The vote, in the United Nations Security Council, was nine in favor and two against.

Russia and the Ukraine voted against. The Soviet dissent constituted a veto, Juan A. Bramuglia, acting council president, ruled, and the resolution was rejected.

Russia's Andrei V. Vishinsky had told the council he was prepared to veto the small-power compromise if it came to a vote.

With both arms flailing the air, Vishinsky denounced a six-power resolution aimed at ending the crisis arising from the Soviet blockade of Berlin. He said it was unfair to Russia.

RUSS PLAN REJECTED

Vishinsky said the Berlin question should never have been brought before the Security Council. He said the council was not an authoritative source that the three western powers had rejected a Russian counter-proposal for ending the blockade.

The Soviet deputy foreign minister said his main objection to the six-power proposal was that the blockade was to be raised at once, while "only talks will be organized immediately on the currency reform demanded by the Russians."

"We cannot accept that," he declared.

The six-power resolution called for immediate lifting of the blockade, adoption of the Soviet mark as the sole currency for Berlin by Nov. 30 to discontinue the whole problem of Germany.

British, French and Canadian delegates all informed the council, before Vishinsky spoke, that they would accept the resolution.

MEDIATION EFFORT

The six powers—Canada, Argentina, Syria, Belgium and Colombia—stepped into the dispute in an effort to mediate it, soon after the council meeting.

France filed the Berlin case with the Security Council, charging that the Berlin blockade is a threat to peace.

Russia has maintained there is no blockade. Today's speech on the subject by Vishinsky marked the end of the mediation effort.

Three New Governors Named to University

Three new members were named to the board of governors of the University of Alberta in a government order-in-council signed today by Lieutenant-Governor J. C. Brown.

They are Roy C. Marler, president of the Alberta Federation of Agriculture; Dr. J. McManus, Edmononton physician, and Mrs. Winifred Ross of Millet, a member of the United Farm Women of Alberta.

EX-OFFICIO MEMBERS

Other members of the board of governors named ex-officio are: the university chancellor, Dr. G. Fred McCall, president of the University, Dr. Robert Newton, president of the alumni association, Barclay W. Pittfield, Edmonton, and the deputy provincial treasurer, F. J. Perival.

Deputy minister of education, Dr. Swift is a member of the board in his capacity as deputy as well as holding a seat as president of the alumni.

University Honors MacKinnon

RECOGNITION OF HIS ability as a statesman and his record of citizenship climaxed Saturday for Hon. James A. MacKinnon, federal minister of mines and resources and MP for Edmonton West, when University of Alberta conferred on him honorary degree of doctor of laws. Impressive ceremony was followed by congratulations from University Chancellor Dr. G. F. McNally, (left) and President Robert Newton. (See story on Page Nine).

McCANN HINTS INCOME TAX CUT

THESSALON, Oct. 25.—(CP)—Revenue Minister McCann hinted Saturday taxes will be reduced in the federal budget, due next spring.

"None of us like to pay taxes and we all look forward to the future," he told a meeting of the Algoma East Liberal constituency Association here.

Dr. McCann spoke on behalf of External Affairs Minister Pearson, Liberal candidate in Monday's Algoma East by-election.

Weather officials expect the winds to reach 45 miles an hour late in the day.

High winds lashed the coast during the week-end, sending ships to cover, and resulting in the loss of a timber saw, and the casting-off of four others.

Vancouver was lashed by a 55-mile-an-hour gale, but no serious damage was reported.

Two frigates, slated for scrapping, were torn loose from their moorings and blown on to the beach in Esquimalt harbor. The vessels sustained only minor damage, said report from Victoria.

Squaw Freed Of Murder Count

WHITEHOUSE, Yukon, Oct. 25.—(CP)—Mrs. Annie Hayden, Indian woman charged with the murder in her white husband, John Hayden, was acquitted in territorial court here Saturday.

Evidence showed that Hayden had "mistreated" his wife over a period of years and on the morning of the killing.

MacKenzie King Tells Of Plans

LONDON, Oct. 25.—(CP)—Prime Minister MacKenzie King plans to visit the United States in November, one of two weeks after he returns to Ottawa from London, it was learned today.

The prime minister has been in bed for two weeks for a thorough rest after his doctor, Lord Moran, expressed concern about the condition of his blood circulation.

MacKenzie King plans to sail for home Oct. 31. He was able to leave his bed today and leave well.

Of those employed, the bureau calculated 5,202,000 were men and 1,200,000 were women.

INDUSTRIES GAIN

Employment in industries outside agriculture stood at 3,735,000, a gain from the total of 3,709,000 a year before.

By regions, Quebec showed the greatest gain during the year. The total of employment on the province fell off by 10,000.

Quebec employment jumped from 1,348,000 to 1,384,000. In the prairie provinces, these increases were shown:

Manitoba, 40,000 to 42,000; Ontario, 1,700,000 to 1,720,000; British Columbia, 420,000 to 440,000.

On the unemployment side, those unable to get jobs totalled 1.3 per cent of the labor force. Of the 16,000 unemployed, 14,000 were women.

His delegates would not talk about it there.

PROTECT SOVIET ZONE

He expressed his view, Vishinsky told the council he had to protect the Soviet zone in Germany against a "danger" created by introduction of the western mark into Berlin.

The USSR is predicted on the condition of the currency reform in Berlin, he said. The present restrictions "reads us back to the Moscow agreement of Aug. 30," he added. That, Vishinsky went on to say, was the basis of the blockade and currency reform.

The Russian plan, one informant said, called for lifting of the Berlin blockade by states in conjunction with currency reform and other adjustments of the German problem. The west has insisted that the Russians must lift the blockade.

Merchant Marine As Military Arm Asked By Veterans

MONTREAL, Oct. 25.—(CP)—Militarization of Canada's merchant marine in the event of a national emergency, or war, is being sought by the Canadian Merchant Navy Veterans' Association. It was announced today by A. J. Heide, secretary-treasurer.

Mr. Heide said that a letter has been addressed to Vice-Admiral H. T. W. Grant, chief of the naval staff, asking him to recommend to the minister of national defence the introduction of legislation at the next session of parliament that would insure the militarization of the merchant marine in case of war.

During the last session the house of commons passed a bill to permit two years to one year.

If the lords oppose the nationalization bill, which is expected, commons will be able to pass it in time to become legally effective before the next session.

With this accomplished, the commons will be able to turn to the electorate and say: "We have carried out the mandate you gave us. We have finished every item of the program set before you in 1945."

STEEL OUTPUT UP

British steel industry, employing 300,000 workers, is going full blast. The output for this year is estimated at 15,500,000 tons, compared to 14,500,000 tons last year.

Conservatives will claim that steel is the most flourishing of all British industries under private enterprise. The government will claim that management and ownership will be absorbed under state control and production will be better managed.

With a number of other measures slated for debate, the session is expected to be one of the longest in many years. It will finish just before Christmas, 1948.

Three Escape, One Missing In Car Plunge

VANCOUVER, Oct. 25.—(CP)—Three persons escaped death, and a fourth is missing, after a car plunged from a narrow roadway into Garden Bay Lake, 50 miles north of here.

The missing man is I. H. Iverson, 40, Pender Harbor, British Columbia. The truck landed upright in 14 feet of water late Saturday night, but the survivors, suffering from shock, were unable to tell police how they escaped.

The three who escaped are Mrs. Iverson, wife of the missing man; Miss Patry, wife of Garden Bay and M. Drury, Pender Harbor, driver of the truck.

Voters at Polls Today In Two By-Elections

OTTAWA, Oct. 25.—(CP)—This politically-conscious capital awaited with keen interest today the outcome of two federal by-elections being held in Ontario and Saskatchewan.

The contests are in Algoma East, in northern Ontario, and Northern, in central Saskatchewan. In both constituencies, the polls opened at 8 a.m. today and will close at 6 p.m. local time.

In Algoma East, External Affairs Minister Pearson is seeking a seat in the Commons. He is opposed by John Fitzgerald of Blind River, a Social Credit candidate, and Lorne Callaghan of Sault Ste. Marie, Ont. C.P.

NO TORY NOMINEES

In Northern, the contest is between W. A. Boucher of Hory, Sask. Liberal; P. G. Makaroff of Saskatoon, C.P., and George W. Bellair of Northern, Social Credit. The Progressive Conservative party did not nominate candidates for the by-election.

Both seats formerly were held by Liberals and the result of the voting will be of major importance to the Liberal government. At present, it holds a four-vote majority in the 245-member House of Commons and defeat in today's contests would further reduce the slim margin.

PRESENT STANDING

The present Commons standing: Liberals, 129; Progressive Conservative, 60; C.P., 32; Social Credit, 13; others, eight, vacant, three, total, 245. Algoma East and Northern account for two of the vacancies; the third is in the Quebec constituency of Laval-Two Mountains.

Railman Dies In Accident

WINNIPEG, Oct. 25.—(CP)—A railway section foreman was killed here Saturday and two passengers in an automobile were injured in two separate accidents involving a Canadian National Railway freight train.

Emmanuel Fisher, 55, was killed when struck by the engine. Fisher had been bringing a truck-repair crew in an attempt to remove a motor car from the rails as the train approached.

Two and a half hours later while the freight was continuing to Winnipeg it was involved in a collision with a car. The driver, Pat McCreight, 29, suffered head injuries and a fractured arm while Jack Blissett, 34, a passenger, suffered a fractured leg.

Twelve to Contest Aldermanic Seats

School Trustees Get Acclamations; Ogilvie Out

Twelve candidates filed nomination papers today to contest the five vacancies in the Edmonton aldermanic board in the November 3 municipal election.

Three public school board nominees of the Citizens' Committee—H. B. Fowler, J. C. MacDonald and Robert H. Rae—were elected by acclamation.

Mr. MacDonald and Mr. Rae were elected by acclamation to the board. Mr. Fowler is a newcomer to municipal politics. He was designated to represent the South Side under the Strathcona agreement.

Separate school board candidates also were elected by acclamation. They are: A. J. Crowe, designated to represent the South Side; F. J. Kileen and J. O'Hara.

Aldermen nominated are: Citizens' Committee—W. E. Briggs, Richard Hanna, William Hawerlak, Al. Fred J. Mitchell and Alderman Sidney Parsons.

7 INDEPENDENTS
Independent candidates nominated are: Aldermen A. Blisset, K. C. and Sidney Howett, William Chambliss, Percy G. Gwynne, Mrs. Julia Kinkaid, Mrs. Rita G. M. Brown, and Fred J. Speed.

Aldermen Blisset and Howett represented the Citizens' Committee last year on city council but were dropped by that organization this year.

Ald. James H. Ogilvie, K.C., was not re-nominated by the Citizens' Committee and is not seeking re-election.

They are being replaced on the Citizens' Committee slate by Messrs. Briggs, Hanna and Hawerlak, all newcomers to municipal politics.

Candidates withdrawing from the aldermanic contest must file their intention of doing so before 10 a.m. Tuesday.

Election of three nominees of the Citizens' Committee to the public school board gives that organization a complete monopoly of the school board seats.

ADVANCE POLL
Advance poll for the election opens on Friday at the assessor's office in the Civic Block. The poll will be open from 1 to 6 p.m. and on Saturday from 1 to 4 p.m.

Interest in the election so far has been negligible. This lack of interest is shown in the fact that only seven names were added to the voters' lists during the 30 days of revision.

CNR Figures Show Increase

Edmonton's freight handlings by the CNR this year far exceed the figures of any post-war years, Alister Fraser, CNR vice-president in charge of traffic said in Edmonton today.

Mr. Fraser, whose headquarters are in Montreal, is in Edmonton for several days making a routine annual inspection of facilities here.

Unable to release exact figures of freight traffic, he said freight handlings have increased substantially, particularly in the Edmonton area. "Our freight business is bigger than it has ever been in post-war years," he said.

Freight car shortages are less acute than previously, but new cars are being obtained slowly and only with difficulty. Steel shortages are blamed for the delay in completing new equipment.

Mr. Fraser said the million dollar expansion program to build new freight sheds and track here would "make adequate provision for freight handling in Edmonton." New construction will begin in the spring.

Polio Total Reaches 340

A ten-year-old boy from Brooks was the only polio victim reported in the city last week.

Dr. J. A. Gillis, provincial director of communicable disease, said that with three other cases reported Saturday, the provincial total was now climbed to 340. There have been 21 deaths.

OFF TO VIEW EDMONTON'S department stores and to visit local garment manufacturers, three British wool textile industrialists paused for a morning. The three (from left) Arthur H. Mr. Fraser, whose headquarters are in Montreal, is in Edmonton for several days making a routine annual inspection of facilities here.

Unable to release exact figures of freight traffic, he said freight handlings have increased substantially, particularly in the Edmonton area. "Our freight business is bigger than it has ever been in post-war years," he said.

Freight car shortages are less acute than previously, but new cars are being obtained slowly and only with difficulty. Steel shortages are blamed for the delay in completing new equipment.

Mr. Fraser said the million dollar expansion program to build new freight sheds and track here would "make adequate provision for freight handling in Edmonton." New construction will begin in the spring.

New Car Situation Still Bad: Kallal

There is no indication that the supply of new cars will improve within the next two years, Joe Kallal, manager of Kallal Motors here announced today.

Mr. Kallal returned from Eastern Canada on Sunday, where he discussed the shortage of new cars and the problem of new and used car dealers in Montreal, Toronto and London.

The situation is worse than it was a year ago, Mr. Kallal said. "We cannot foresee any possibility of the supply of new cars meeting the demand inside of two years," he stated.

A price increase in General Motors products is anticipated in the very near future, Kallal said.

He said representatives of both the company and UPWA's Local 390 had agreed to accept the recent unanimous award of a board of arbitration.

They were awarded by the board, which was headed by George Henshaw, K.C., of the Industrial Workers of America.

A 10-cent-an-hour across-the-board increase for the 30 employees, the steel sale, smeltered open and loaded of its contents, was found later about a mile from the scene of the burglary.

W. C. WOODWARD ... Delay seen.

Steel Cut May Delay Building

New restrictions on imported structural steel may delay completion of extensions to the Edmonton C. Woodward Ltd. department store.

On a business visit to Edmonton Monday, President W. C. Woodward of the company said the \$1,000,000 expansion program here is about "three quarters complete."

"I am wondering how the new restrictions on importing of structural steel will affect completion of the extension to the main store," the president said.

It had been hoped to complete the entire Edmonton project next summer, he added.

LEARNING HIS JOB: At first hand is the aim of Sir Alexander Clutterbuck, British High Commissioner for the United Kingdom in Canada. Distinguished British peer now visiting Edmonton will address a Canadian Club luncheon Tuesday on the subject: "A Photo from Britain."

High Commissioner Sees Hope for Peace

There can be no political stability in Western Europe without economic recovery, but the outlook is "really hopeful now."

This was how British High Commissioner for the United Kingdom in Canada, Sir Alexander Clutterbuck, set up the world crisis in an interview here today.

"Situation in both Great Britain and Western Europe now is generally hopeful. It was not so a few months ago," the high commissioner said.

The bipartisan policy of both major political parties in the United States has had a good effect on the economic stability of the western European nations, he said.

CANADA'S ROLE
"Canada is playing a tremendous role in working out the Atlantic Pact to assure both economic and military security. Continental defense in North America is closely linked with the defense of the Western European nations," he pointed out.

"After all," said Lord Clutterbuck, "it comes down to a process of Democracy demonstrating it can offer more security than Communism."

Sir Alexander was appointed high commissioner to Canada in May, 1946, succeeding Rt. Hon. Malcolm MacDonald.

He had a distinguished war record with the famed Coldstream Guards in the First World War, winning the Military Cross for gallantry in the field as a captain.

WORLD TRAVELLER
After entering the British Civil Service in 1919 he served with distinction in many Empire posts throughout the world.

Printers Honored At Gathering

Two employees of Douglas Printing Company were honored at a meeting of businessmen and staff in the Labor Temple Friday.

Canada Hospitality Impresses Visitors

High Commissioner and Family In Edmonton For Brief Visit

Canadian hospitality and friendliness most impressive
Lady Clutterbuck, wife of Sir Alexander Clutterbuck,
KCMG, MC, High Commissioner of the United Kingdom in
Canada.

Chinese Costumes To Be Modelled At Chow Mein Tea

Beautiful Chinese costumes, dating back to the fashions of the 17th's will be modelled at the Chow Mein tea and bazaar Wednesday.

The tea is an annual affair sponsored by the Chinese Ladies Club of Edmonton. Guests will be received at the British Memorial Church from 3 to 6 and 8 to 10 p.m.

Homecoming and needlework will be sold. Proceeds of the silver collection will be in aid of orphan children in China.

Sir Alexander and Lady Clutterbuck are visiting in Edmonton in the course of a five-week tour of the Dominion. Sir Alexander will be guest speaker at tomorrow night meeting of the Women's and Men's Canadian Clubs.

Since her arrival in Canada about two years ago, Lady Clutterbuck has had time to get used to the variety and amount of goods for sale in the shops which impressed her so much at first, after the austerity of wartime Britain.

The Clutterbuck home is at Weybridge, Surrey, about 20 miles from London, and it was here that they lived during the war. Lady Clutterbuck was kept busy with first Cross activities, while her daughter, Ann, was away at school.

Showers Held For Bride

Saturday bride, Mrs. Ronald Knowles, the former Ruth Bryant was honored on several occasions prior to her marriage.

Mrs. M. M. Bryant and Mrs. C. Hartwell were co-hostesses at a miscellaneous shower. Gifts from the 30 guests were presented in a pink and white decorated basket.

Miscellaneous shower was given by Miss Margaret Allen and Mrs. D. H. Hagerman. A decorated umbrella with streamers attached gave clues to the bride-elect in a treasure hunt for gifts from the 25 guests.

Mrs. Somone Barbeau was another shower. Gifts from the 25 guests were presented from the 20 guests.

Although Lady Clutterbuck has not visited in England since coming to Canada in 1946, she says that, according to friends arriving recently from U. S. old country, conditions there seem to be improving slightly. For instance, children's clothing and household linens and materials are not so strictly rationed as previously.

Everything about Canada has met with approval from Lady Clutterbuck from the abundant supplies of fruits which are her first reminiscence of the country, to the beautiful weather which she has enjoyed on her cross-country trip.

On her second visit to Edmonton, in two years, Lady Clutterbuck still is amazed by Canadian hospitality, and thoroughly enjoys travelling about the country.

Accompanying her mother and father on the Dominion-wide trip, is Miss Ann Clutterbuck, who just completed her schooling in Italy, and is now in London, before coming to Canada.

Dinner was held at the Corona hotel when Mrs. H. Spiller entertained eight guests. The bride was presented with a bouquet lamp.

Miss Heather Cressy and Miss Reid Bruce were co-hostesses at a dinner at the Purple Lantern. Covers were laid for nine and the guest of honor was given an electric toaster.

The 20th Century Women's Liberal club entertained at dinner in Windsor Tea room in honor of Mrs. Knowles, retiring president.

Mrs. Laurette Douglas presented the bride with a pair of candlesticks from the 25 guests.

Worn with a casual belt, it's perfect for the office, dressed up with a dressy jewelry, it's grand for a date.

Snap on the skirt and you add rich ruffles, the color and shimmer you need for a gay evening of dancing or dressy afternoon bridge.

A tulle suit with a black flare skirt is basic for several costumes. The same suit can be worn with a plaid skirt.

A beige jumper combines with the tulle jacket or with a bouffant blouse, plus the accent of bright jewelry, it's perfect for cocktail. Add cape to your plaid skirt and you have another costume.

CAVU Cook Books Bring \$186.22

Receipts from the sale of Celling and Viability Unlimited Club Cook Books has been \$186.22. It was reported at the first full meeting of the club, held at the home of Mrs. H. A. Brown. Miss Edith Hill was co-hostess.

Letters of thanks were received from the following clubs to whom books have been donated: Christ Church Ladies, 23th Club Cook mothers, McKelvey's Alter's League and Jasper Place Community League.

CAVU club books have been sent to Ireland, England, Australia, Yellowstone, Whitehorse, California, Connecticut, Baltimore.

Mrs. G. Walker will be convener of a Comic Strip Party to be held at the home of Mrs. J. McArt. Plans were also made for a forthcoming Freeze-Up Party.

LODE Chapter Arranges Party

Pun and games were organized for more than 125 blind people for the recent annual party sponsored by the LODE Chapter, which was held at the home of Mrs. J. H. Brown.

Mrs. P. Jensen was convener. Her husband was master of ceremonies. Entertaining the guests were Mrs. J. H. Brown, Jack Jones, Adam Dobbin, Dalton Elton and Harry Blain.

Prizes were won by Mrs. L. R. Borie, St. Albert; Miss Elsie McCrea, Miss Mena, A.W.D., William Gromm, Miss Marie Selover, Fred Schradler, J. Anderson and Bill Hargrave.

Flowers for the party were donated by Riverside Greenhouse. Refreshments were served by hostesses and J.H. Brown's candy and apples distributed.

Tricky Combinations Give Variety to Your Wardrobe

Do you have a limited amount of money to spend on clothes and yet want your wardrobe to look larger and more varied?

The trick is to find companion pieces that can be changed about successfully and that can be worn equally well for casual or sophisticated occasions.

A new taffeta, apron-like skirt worn over a pure wool blouse is one of Kenneth Tiesche's clever money-saving ideas. Without the skirt, it's a modish jacket; with the skirt, it's a modish jacket.

Worn with a casual belt, it's perfect for the office, dressed up with a dressy jewelry, it's grand for a date.

Snap on the skirt and you add rich ruffles, the color and shimmer you need for a gay evening of dancing or dressy afternoon bridge.

A tulle suit with a black flare skirt is basic for several costumes. The same suit can be worn with a plaid skirt.

A beige jumper combines with the tulle jacket or with a bouffant blouse, plus the accent of bright jewelry, it's perfect for cocktail. Add cape to your plaid skirt and you have another costume.

The cape also fits attractively over the basic tulle suit.

A magic quick change for evening. A crisp brocade taffeta dress by Ted Shore with the long sleeved bolero jacket is conservative and glamorous enough without looking for dancing later in the evening.

Delegates Need Official Drivers

LONDON, Oct. 25 (CP)—Smart single girls, preferably under 30 who like travel and adventure, are in demand just now as government "girls in green."

The girls in green are the official car drivers of Britain's delegates at international conferences. They are paid an average of £5 (£30) a week plus cost-of-living bonus, but the chief inducement to join is foreign travel.

There are 15 such girls in Paris today and they will be there until the end of the year. Another 40 returned recently from Geneva. In London the girls drive high government officials from one place to another. Abroad they drive foreign officials as well as British delegates, but the chief inducement to join is foreign travel.

Living Conditions Of DPs Improved

Former Unsatisfactory Set-Up In Manitoba Camps Bettered

OTTAWA, Oct. 25.—(CP)—The living conditions of displaced persons at Emerson, Man.—described by federal investigators as "very unsatisfactory"—have been "materially improved," Labor Minister Mitchell said Saturday.

The same improvement has been made in three other DP camps in Manitoba, he said in a 900-word statement. Mr. Mitchell also released the reports of five men who inspected the camps following disclosure by a Winnipeg newspaper.

The newspaper (Tribune) said displaced persons at Emerson were living in "regular, filthy and misery" under conditions they felt were in many cases worse than in camps in Germany.

BARE MINIMUM
One of the investigators, Fred J. White of Winnipeg, regional superintendent of unemployment insurance, said accommodation at Emerson was "what could be termed a bare minimum."

In Winnipeg, Agriculture Minister Campbell of Manitoba said he would not associate himself with the federal investigators' report. He maintained that investigation by provincial authorities showed conditions at Emerson were "much above the minimum standard."

Mr. White's report said in part:

"It appeared to me that there was overcrowding in the dormitories... one very serious omission at this camp (Emerson) was the lack of water for washing... the sanitation facilities were inadequate. There is no staff responsible for the care of the privies or dormitories. Each person is expected to look after his own with the result that the condition is deteriorating."

SAID THREATENED
Mr. Mitchell said he believed the "main difficulties" are due to insufficient camp help and "some carelessness on the part of the men themselves."

But "the worst feature of the whole affair" was a letter sent to Emerson DPs "telling them that if they failed to carry out instructions might be sent back to Germany."

"Not only was the letter unwarranted," said Mr. Mitchell, "but it was contrary to the well-known instructions of the labor department that threats of such a nature were not to be even hinted at."

OFFICIAL SAYS:

Steel Import Cut Won't Hit Most Building

OTTAWA, Oct. 25.—(CP)—The effect of this week's restrictions on steel supplies coming from the United States will be to hold down some construction of the less essential type, a top-ranking government economist said today.

"As a matter of fact, that's desirable anyway both from the point of view of the steel shortage and of inflation generally," he added.

"The effect on construction will not be very serious, the source said.

RYERSON IN SASKATCHEWAN

LPP Brands Opponents As 'Twin War Parties'

REGINA, Oct. 25.—(CP)—The national organization secretary of the Labor Progressive Party, Stanley B. Ryerson of Toronto, charged yesterday Liberal and Progressive Conservative parties in Canada had become "twin war parties."

The official, addressing the Saskatchewan conference of the Labor Progressive Party, said both George Drew and Louis St. Laurent were promoting war

against the Soviet Union in line with Washington orders. He charged CCF leaders with helping to boost the foreign policy of the "pro-war" factions in labor although most of the 1,000,000 party supporters were for peace.

"CCF and LPP members need to join in common action for Canadian independence and for peace," he said.

Composer Franz Lehar Dies in Austria at 78

VIENNA, Oct. 25.—(AP)—Franz Lehar, composer of "The Merry Widow" and one of the last links with the light-hearted music of Vienna's past, died yesterday in Bad Ischl, Austria. He was 78.

The man whose operettas were known and sung throughout the world had been ill for two years. His other hits included Springtime, Gypsy Love, The Count of Luxembourg, The Land of Smiles, The Man With Three Wives and The World is Beautiful. Although his fame came primarily from his light music, he also had composed several serious, symphonic poems, marches and dances.

At Lehar's bedside were his brother, Baron Anton von Lehar, and his sister, Emma Marie Papst, widow of a Hungarian count. Wurm said death was due to cancer, but Lehar also had had gastric ulcers, double pneumonia and heart ailment.

The composer's funeral will be held next Saturday. He will be buried beside his mother and his wife.
